

Bill Aboumrad was born on July 6, 1959 and raised in the East Bay. He graduated from Santa Clara University with a Bachelor of Science Degree in Political Science 1982. He received his Juris Doctorate from Southwestern University in 1985.

After interning in a law office, Bill decided to use his degree and knowledge of law to follow in his father's footsteps and began his real estate career in 1987 at Good Real Estate. He dedicated his life to his career and began building his dream. He spent seven years working long hours and developing his reputation as a trusted and caring member of the Real Estate community, eventually becoming a manager of a small Real Estate company. After enjoying several lucrative years, he became part owner of the company and helped it grow into the successful corporation Re/Max Executive is today. To date, Re/Max Executive is 12 offices strong with over 500 agents.

After devoting all of his time to work, he finally met the woman of his dreams and was able to marry and start a family. Bill and Vickie have been happily married for 10 years and have two lovely sons, Ryan and Ethan.
